

DEMO SERVICE RECORD NOTE v2 - NOT LULZBOT GUIDANCE

Model: TAZ Pro. Effective from 2026-07-01 (Shanghai time).

For internal NOZZLE_WIPE cases, record the asset ID, occurrence time, original display message, work order priority, printing material, and Cura LulzBot Edition profile name.

For troubleshooting, consult the official TAZ Pro User Manual, section 5.1.

This fictional service record note is not a repair instruction.
